

KahlWax

The finest natural waxes for the cosmetics, food, pharmaceuticals, candles and polish / household products industries

KahlWax: The natural wax specialist

KahlWax is one of Europe's leading manufacturers of natural waxes, including Beeswax, Carnauba wax, Candelilla wax and countless other plant-based waxes.

We offer a wide range of products and services, focusing on refining natural

waxes, tailor-made speciality waxes and ozokerites, powder waxes, wax emulsions and cosmetic bases. Additionally we offer products such as acrylic film formers, plasticizers, leveling agents and opacifiers.

High quality standards in terms of

products and production are the foundation of our success.

Our expertise and experience are augmented with our own in-house R&D and product development departments, where we offer state-of-the-art service, support and solutions for our customers.

KahlWax is quality:

We guarantee that all of our products are produced in compliance with the most stringent hygiene and quality requirements. Our production processes meet the following standards and certifications, among others: DIN EN ISO 9001, HACCP, Kosher, Halal, Ecocert and USDA-NOP.

KahlWax is service:

We provide our clients with customized, comprehensive consulting services on everything from applications to product development, offering highly qualified technical support for every process.

KahlWax is innovation:

Our R&D department offers cutting-edge technology focusing on quality control, applied technology, new product development (NPD) and plant support. We are always working to develop sustainable natural waxes of the highest quality and in innovative forms.

KahlWax is sustainable:

KahlWax was one of the first wax manufacturers in Europe to bear the Ecocert seal for organic beeswax and carnauba wax according to current EU regulation and USDA National Organic Program. We offer impressive solutions for companies that value sustainably produced products.

KahlWax: Sophisticated wax solutions for your needs

KahlWax delivers a wide range of the finest natural waxes in a variety of product formats, such as pellets, flakes, prills, powders, emulsions and slabs. The following are our areas of application:

Cosmetics: Decorative cosmetics, skin and hair care products are at the heart of cosmetics. Our products not only deliver functional properties but also the superior sensory characteristics demanded by modern cosmetics.

Food: KahlWax offers the food industry numerous variations on polishing and sealing agents, as well as high-gloss waxes for use in candy and tablet coatings.

Pharmaceuticals: KahlWax solutions can also be found in pharmaceutical applications such as tablet coatings, as well as creams, lotions and ointments and soft gelatine capsules. Our natural waxes have also been used successfully in time-release delivery mechanisms for active ingredients.

Polish/Household: KahlWax offers a number of products for specific applications in this area: beeswax for leather-

care, wax emulsions and acrylate dispersions for floor care and furniture polishes, and extremely hard waxes for car polishes.

Candles: And of course, KahlWax natural waxes are ideally suited for use in all kinds of candles.
